## **“75 years of Memory – Roma Holocaust in National School Curricula and Recommendation Paper”**

***Online webinar  
18-20 of November 2020***

### **Short project description:**

*This project aims to raise a strong awareness on Porrajmos concentrating on the events taken place in the Balkans, Hungary and Transnistria before, during, after WWII, in order to preserve the memory of the Roma and Sinti victims of Nazism. As our European values and integration are fundamentally built on our historical experience and memory, we need to shed light on the forgotten Roma genocide, the over 500.000 victims, and the continuation of social exclusion, Antigypsyism and hate speech as a consequence of the ignorance and lack of recognition of the Roma Genocide.*

*The third webinar of the project is focusing on education in the school system regarding the Roma Genocide. After lectures concerning the pedagogic approach and the presentation of the current situation and best practices in the partner countries, the stakeholders draft a recommendation for decision-makers to address the issues.*
